

Memphis – Liberty Train

This is the story of a man,
who lost his life because
know
how to live.

he didn't

The legend says,
that he rode all his life,
to clear his name,
wasting his time.

This is the story of a man,
who didn't have a life
because the other people
told him how to live.

He was trapped
in a world of lies.
where everyone thinks
that he was right.

Ohh Liberty train,
my Liberty train,
which takes the people
near the end of their life.

Ohh Liberty train,
my Liberty train,
that takes the people
near the end of their life.

He heard a cry,
far away, far away,
until he discovered

it was the eco in the air.

**He left his dreams,
he left his life,
following the steps
of people without mind.**

**He began thinking,
what could he pick,
to really be,
what he wants to be.**

**But one day,
he managed to escape,
so, he bought a ticket
for the liberty train.**

**Ohh Liberty train,
my Liberty train,
that takes the people
near the end of their life.**

**Ohh Liberty train,
my Liberty train,
that takes the people
near the end of their life.**
