Xraids Experience Team

The Xraids Motorbike Assistance project is born from the enthusiasm and dedication of pilots with extensive experience in the world of motorcycles.

The Motorbike Assistance service in the race, this is a service designed by and for motorists, trying to make a little easier the very difficult company to run a Rally-Raid.

We know we can not turn all our customers into official pilots, but we're going to make them feel like them. Therefore, Xraids offers a MAN 480 6 X 6 truck, fully equipped with generator, compressor, workbench ... a true all-terrain workshop; And a MAN 6x4 truck equipped with a motorhome and workshop, as well as a 4 X 4 vehicle, both registered in category T5, for transportation of spare parts, mechanics, tools and personal effects.

Xraids offers you the most professional and specialized human and technical team, prepared exclusively for you.

If your goal is to participate in Rally-Raids and international tests, Xraids can help you with the motobike assistance service in the race.

XRAIDS has a long experience in the assistance of motorbikes and quads in the largest off road competition in the world. The Dakar Rally. Currently, it is one of the reference teams in the world Rally Raid panorama.

Our experience and specialization in the field of motorbikes, with a team, with more than 15 participations in the Dakar, make us a guarantee for the pilots who are part of our team.

We take care of all your logistics, (mechanics, tires, spare parts, transport, accommodation, etc.) so that you only dedicate to piloting.

We put at your disposal, our motorbikes KTM 450 RALLY REPLICAS and quad YAMAHA RAPTOR 700, fully prepared for verifications.

Your success is a teamwork, let us be part of your success.
